MEMORANDUM FOR: Chief, Security Analysis Group *JS*

STAT FROM :
Deputy Director of Security (PSI)

SUBJECT : FBI, Liaison With

1. On this date the Director of Security requested that a memorandum be prepared to the Director, Federal Bureau of Investigation from Mr. Gambino pointing out Office of Security's needs in securing certain data from the FBI. This letter is based on a recent flap whereby the FBI was criticized for furnishing an unsolicited report to CIA on individuals involved in a possible violation of Title 18 U. S. Code.
2. The memorandum should point out to the FBI that the Office of Security would like any information that pertains to CIA personnel and/or threats to CIA personnel and facilities. Please review the language in E. O. 11905 pertaining to the security and safety of CIA facilities.
3. The Office of Security, of course, will continue to obtain FBI checks as required by E. O. 10450 and should receive all information from the FBI that pertains to current or former staff employees.
4. This memorandum is to be coordinated with the Office of General Counsel and the Inspector General.
